### After the project - May

Theseus meets the minotaur

When Theseus got down the well he got his strength up to kill the minotaur and he got worried about his father in case he never came back so any way he started to make my way through the maze. He was walking through for a long time.

The creatures eyes where like crimson red gem's of blood and his finger nails like crab claw. Shockingly he had horn's like daggers and the head and shoulders of a bull.

Not long after that Theseus found the minotaur and he stepped forward with braveness and so did the minotaur so he took one more step forward and ran up to the minotaur, leaped, got his sword and stabled it into the minotaur's belly.
